- IV. Old Business:
 1. Continue discussion regarding cooperation with Fire Departments – Lou Demico, Chief, Jewett City Fire Dept., asked and was given answers regarding just what the Committee does. Much discussion about how the Committee can be of assistance in Fire Department activities.
 2. Answers re Eversource regarding storm response: Todd, Fred and Paul met with a representative from Eversource to discuss the less than helpful response after the recent windstorm. Part of the reason given for the less than efficient response is that Eversource has not hired new employees to replace those who have retired. And their implementation of new less than friendly procedures slowed response. Fred to work on creating a list of resources and will have it for the January meeting.
