He explained that the McKenzie rule that the court ruled that the only entity that can waive zoning regulations is the Zoning Board of Appeals. M. - C. **ZC 03-17 TOWN OF GRISWOLD PLANNING AND ZONING COMMISSION, 28 MAIN STREET, JEWETT CITY, CT.** Text amendments to the Borough of Jewett City Zoning Regulations to 1) add new language to Section 7.1 "Permitted Uses"; 2) new language to Section 11.4 "Off Street Loading"; 3) remove section 13.4 "Waivers".

M. Tristany explained that there has been a problem in the Borough when there is a change of use; the regulations require that all the requirements for off-street parking and landscaping. He cited the Zuckerbruan building as an example of a change of use and that there is only on-street parking for customers. He stated that Borough zoning must be updated to deal the off-street load parking and landscaping requirements. He stated that the waiver clause allowed a way to skirt those requirement issues; but waiver regulation must be removed.

M. Tristany stated that we have to update the Borough regulations for the loading requirements; existing buildings would not have to deal with the loading requirements. He stated that the C-Commercial District runs from Slater Avenue up North Main Street. He stated that these are housekeeping regulations so that existing commercial buildings won't have to deal with the parking and loading issues in the Borough. M. McKinney stated that no one on Main Street has loading docks.

M. McKinney asked if the two applications s can be reviewed in one meeting for the town and borough regulations in one public hearing. M. Tristany stated yes.

P. Zvingilas stated that the off street loading requirement says that it doesn't apply for existing building. He said it should apply to existing commercial buildings. M. Tristany stated that it does. E. Kudlis read the proposed language for the record. M. McKinney asked if all off-street loading should be removed from the borough regulations. M. Tristany stated that there are lots on Main Street that can have off street parking. M. McKinney stated that he was talking about off-street loading. There was discussion of this matter.

He stated that some buildings are not just commercial, they include residential and offices. M.
