## **Required Inspections**

1. Footing – soil location and foundation forms before pouring concrete
2. Foundation – waterproofing and footing drains before back fill
3. Rough Framing, anchoring and hurricane tie downs
4. Chimney – fireplace at smoke chamber
5. Rough Plumbing, Electrical, Mechanicals - before insulation
6. Gas pressure test
7. Insulation
8. Sheetrock - before taping
9. Final Inspection – for Certificate of Occupancy/Compliance

All inspections are requested to be made 24 hours in advance to ensure timely inspections. Inspections are made on a “first come first serve” basis. Failure to call for any inspection is cause to revoke permit. Inspections are required for **ALL** permits issued.

Coordination of inspections involving the Fire Marshal, Building Official, Zoning Enforcement Officer, Food Service Inspector, Registered Sanitarian and Town Planner is the responsibility of person requesting/requiring inspection.

An inspection must be made every 180 days per 2015 IRC Section R105 in order to keep permit current and valid. Failure to comply will result in expiration of permit at which point permit application must be made for reinstatement of said permit and all fees will be due and calculated at current fee schedule rate.
